

StarBand is introducing a completely revamped product line; the new StarBand Nova Series. The StarBand Nova Pro and StarBand Nova Ultimate are based on a new generation of technology (the Gilat SkyEdge™ platform) and are being offered at StarBand's lowest price point ever!

The StarBand Nova series is designed to deliver a quantum leap in price/performance and enable StarBand to deliver a wide range of advanced services in the future. The SkyEdge platform provides a next-generation foundation for future StarBand high-speed services.
